MEDICINE Grand Rounds

Education that Improves Clinical Skills & Patient Outcomes

Addressing the Gathering Storm of Cardiovascular Disease: Focused Update on Heart Failure Therapy

David Lanfear, MD

Advanced Heart Failure Fellowship, Program Director
Henry Ford Health System
Detroit, Michigan

This case-based live activity will cover the diagnosis, treatment, and management of patients with chronic heart failure.

Wednesday, February 7, 2018, 12 - 1 pm
Werner Auditorium, Ginsburg Tower

The objectives of this Medicine Grand Rounds are to:

- Review the hemodynamic dysregulation and neurohormonal disarray that characterize heart failure.
- Describe the comorbid states that are both risk factors for heart failure and drivers of heart failure progression.
- Discuss current clinical trial data demonstrating the appropriate use of pharmacologic interventions in patients with heart failure and reduced ejection fraction.
- Review health care team communication tools and approaches to advance shared decision making in the management of HF.

Target Audience: All healthcare professionals

Contact: FL.CME.Coordinator@flhosp.org

RNs and APNs will be awarded 1.00 contact hour(s) of continuing nursing education thru the Med Learning Group. You must text the code to the FH Meetings number and complete the evaluation to receive credit.
